

The background is a dark, almost black, textured surface. A bright, curved, metallic-looking band, possibly representing a celestial body or a geological feature, sweeps across the upper left portion of the frame. The texture of the dark area is grainy and speckled, while the bright band has a more reflective, wavy appearance.

ABOUT

Elemental Herbology is a natural skincare and body care brand inspired by the Five Elements of Traditional Chinese Medicine, creating holistic and meaningful wellness experiences through bespoke treatments, innovative products and a lifestyle-driven approach to well-being.

IN OUR ELEMENT

FIVE ELEMENTS

Inspired by Traditional Chinese Medicine, the Elemental Herbology collection is based on the five elements: wood, fire, earth, metal and water. Each element supports balance according to skin type, lifestyle, environment and the changing seasons.

OUR ELEMENT: WATER

Aligned with Winter, the Water element represents a time to nourish, restore, and turn inward. Skin associated with this element is often dry and dehydrated.

Our amenities cosmetic range translates the restorative qualities of Water into a refined hospitality experience, supporting hydration and well-being.

OUR INGREDIENTS

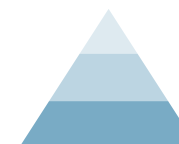

Elemental Herbology formulas are 100% free from artificial colours, SLS and mineral oils, ensuring effective and responsible care. All cleansers and the body lotion are vegan friendly.

THE FRAGRANCE: NEROLI & BERGAMOT

Pure botanical essential oils have been carefully selected to create the **Neroli & Bergamot** fragrance, designed to uplift the mind and enhance the sensory experience.

This unique blend is present in every formula, providing everyday care for both hair and body.

ABS ECOVER SYSTEM

Ecover is more than a dispenser: it's a smart, sustainable system by GFL that redefines hospitality standards.

Made in Italy and **patent-pending**, it pairs a durable reusable shell with an ultra-light cartridge to reduce plastic, waste and CO₂.

Designed for hygiene, efficiency and a premium guest experience, it ensures full product usage, fast replacement and seamless compatibility with GFL's patented bracket system.
