

THE LUXURY HOSPITALITY COLLECTION

Great British Design

# INTRODUCTION

A rectangular wooden alarm clock with a white face and black hands, resting on a reflective surface.

## SONGBIRD

with REMASTERED SOUND

Two round alarm clocks with gold-toned cases. One has a black dial and the other has a white dial with black numerals. They are resting on a reflective surface.

## OBSESSION + DESIRE

**Oliver Hemming** is an multi award-winning British designer and this definitive collection of hospitality products is used by many of the most prestigious hotels in the world.

New to the collection this year Oliver has designed the **Cadbury kettle**, a new look hotel kettle, as well as the stylish niu niu pro hair dryer, so that guests can look as good as they feel. The kettle is available in brushed stainless steel and a smart satin black as is the niu niu. Both are a perfect fit for the stylish luxury room.

**The remastered Songbird series B** is now a 2.1, 3-unit system with active and passive bass drivers and a tweeter. With Qi wireless charging in the Downtown format. Made in 2 formats, Uptown and Downtown and in 3 colour ways, the new series B has a much improved sound and with its classic and impeccable good looks and finish it is now the definitive model in its class.

New to the collection are the **Drama, Drama Queen, Duke and Bluebird** Bluetooth Speaker / TV sound bars. The **Drama** and **Drama Queen** are both spectacular sculptural objects that will be a focal point in any room, while the **Duke** and **Bluebird** are designed for hotels that no longer require an alarm clock in the room but still want a speaker with some charging options. The **Duke** also has the unique feature of having 2 wireless charging pads.

The **Robin** and the new **Jazzman** are both Bluetooth speaker alarm clocks for premium hotels. Specifically designed for hospitality. With good looks and world class engineering they have simple intuitive controls, a refined audio tone and are at very competitive price points.

The **Obsession and Desire** series of alarms showcases our skill in watch making with their beautiful construction. With their exquisitely detailed metal indexed dials and convex glass lenses, they are simply stunning.

# THE CADBURY one KETTLE

THE SWEETEST DESIGN 0.7L

Oliver Hemming

The Cadbury kettle is the best solution for luxury hotels looking for a quality kettle that is reliable, easy to clean, beautiful and safe. It has a double wall stainless steel body that makes it boil faster and helps keep the water warm, and its comfortable heat-resistant handle makes pouring easy, accurate and safe.

It also features Boil-Dry Protection in case it's empty when switched on, then it will protect itself, and auto switch off.

Model: CAD1

## **SPECIFICATIONS:** (CAD1B) SATIN BLACK STAINLESS STEEL.

STRIX Controller. Capacity 0.7Litre. 1000W @ 220V. 800W @ 110V. 152mm diameter, base 170mm x 170mm, height inc base 230mm. Weight 0.92KG, 2lbs(empty). 316 Stainless steel body. Specified for the standards of the UK, USA, EU, AUS and CN. 2 year warranty. Design 2025, Oliver Hemming

*Strix* is the global leader in the design, manufacture and supply of kettle safety controls.

A BOXED SET - PROFESSIONAL IONIC HAIR DRYER

niu niu is a professional quality ionic hair dryer with a powerful 2nd generation motor which gives it a super quiet and powerful performance. Available in a matt satin black finish it will give your guest a professional performance so they can look their best. The ionic function creates negative ions that neutralize the positive charge of static electricity, effectively reducing frizz and fly aways. This means smoother, more manageable hair that's easier to style. It's easy to remove stainless steel mesh filter is perfect for quick and easy daily maintenance. It has 4 temperature settings, 3 speeds, many electronic safety features and a 2 year warranty.

**SPECIFICATIONS:** Voltage: 220-240V, 50-60Hz, 110-120V, 50-60Hz, Power: 1200W, 3 motor speed settings. Size 200 x 163mm. Weight: 0.3Kg/11oz. 4 Temperature settings: **Cold:** Room temp. **Low:** 60°C / 140°F. **Medium:** 90°C / 190°F. **High:** 120°C / 250°F.

# niu niu

Oliver Hemming

## A BOXED SET WITH ACCESSORIES

## TV SOUNDBAR HD BLUETOOTH SPEAKER

Fabulous Stereo with HDMI for the TV

***Drama*** ***Queen***

***Drama Queen*** is a bold and beautiful high fidelity stereo Bluetooth speaker / TV soundbar for the luxury customer who is looking for something that looks stunning and has a fabulous sound. Equipped with the latest Bluetooth 5.1 and AptX HD from Qualcomm, it's stereo performance will seduce your senses in every way. Finished in real ebony veneer, ***Drama Queen*** has an etched stainless steel grille and the curve of its body will add a sculptural focal point to any interior. Fitted with HDMI for TV, it also has an RCA Aux Input for use with an external device such as a stereo turntable. It's twin 77mm woofers have complimenting twin passive bass drivers and the midrange has 2 x 52mm cones and the highs have 2 x 20mm silk cone tweeters giving a magnificent deep and impressive 50W orchestral sound.

### What is AptX HD?

Qualcomm AptX HD was designed for high resolution audio. This enhanced codec supports 24-bit music quality over Bluetooth, which means listeners can hear even the smallest details in their music, making it indistinguishable from true high resolution audio.

## ***Drama***

Stereo Bluetooth Speaker & TV Soundbar

**Drama** is a beautiful award-winning high fidelity stereo Bluetooth speaker for the luxury hotelier who is looking for something that looks great and has a fabulous sound. It's 100mm sub-woofer has a complimenting passive bass driver and the midrange has 2 x 52mm cones and the highs have 2 x 20mm silk cone tweeters giving a deep vibrant and impressive 65W of sound.

Finished in real ebony wood veneer, **Drama** has a stunning curved etched stainless-steel grille and the sensual form of its body will add a sculptural focal point to any interior. Hidden under the veneer on the top, there is also a Qi wireless charging unit and at the front there are 2 USB C charging ports. Equipped with the latest Bluetooth 5.1 and Aptx HD from Qualcomm, and HDMI for TV sound and RCA Aux input, it's stereo performance will seduce your senses in every way and its beautiful contemporary, yet classic look, will shine in any luxury room.

Qualcomm<sup>®</sup>  
aptX<sup>™</sup> HD

## *If you are curious? What is AptX HD ?*

Qualcomm AptX HD was designed for high resolution audio. This enhanced codec supports 24-bit music quality over Bluetooth, which means listeners can hear even the smallest details in their music, making it indistinguishable from true high resolution audio.

AptX HD audio is a bit rate efficient technology that ensures you receive high quality audio from your Bluetooth device, so you have a better listening experience, giving you a 12dB improvement to the noise floor. This is great for subtle, high-frequency detail which might get lost under the high noise floor with regular AptX.

## EXTREME

As the premier maker of luxury alarm clocks, we know that our award-winning OBSESSION series is simply the best in the world. They have gorgeous convex glass lenses and exquisite detailing. In the hand, they have a lovely jewel like quality and weight that comes from their solid hand polished stainless steel cases. They all feature our silent sweep action movement and our patented night light function that helps to extend the battery life.

The EXTREME series is at the top of our Obsession line and have special metal dials and 3d indexes made of brass which are either gold plated or enamelled at high temperature. These techniques are more common in the luxury watch industry and require a high level of skill, hence the higher price.
